

January 28, 2026: Letter to Senator Ted Cruz

RE: Abusive Tactics without Ability to Find Redress

I am writing to alert your office that Senator Cornyn is now denying me the ability to even send messages to his office about this ongoing problem.

This is truly, absolutely, a travesty of American justice and a breakdown of the system of American politics that is supposed to protect the American people from this type of abuse.

I am deeply saddened to witness this first-hand.
